This Valentine's Day, everything's going to get bucked up...

This is a standalone novella with a pinch of holiday whimsy. You've been warned. This is staggering.

Zaria Swann hates Valentine's Day. There's no way around it, the whole damn day is cursed. Nothing good ever happens around Valentine's and with the recent break-up from her boyfriend in the not-so-distant past, the curvy black woman is convinced that this year everything's going to be the same. Only the hijinks of a dear friend could... make it even worse! Having met a dashing man at a speed-dating event Zaria had no intent of going to, Zaria once again finds herself struck with the curse of Valentine's Day when he never contacts her. This time, thought, maybe there's a way out?

Cupid Frost is a workaholic set loose on Valentine's Day, the one time of the year that he despises more than anything. For a stag shifter with a birthday on the date, one would think he'd get along better with the holiday of hearts and love, but that's the furthest thing from the truth. Dragged along by his brother, kicking and snorting, Cupid finds himself staring at the most beautiful woman in the world. Suddenly falling in love and finding his mate was certainly **not** what Cupid had planned for the most dreadful weekend of the year...

With a crazy ex on the loose and fate seeming to screw them at every turn, can Cupid and Zaria find their way together, or is the curse of Valentine's Day a real thing for these two?

Frost Brothers' Brides is a series of novellas following a very special set of buck brothers. The nine brothers will each get their stories told during the holidays! The books can and should be read as standalones and have a guaranteed HEA!
