Liz Weston

Easy Money: How to Simplify Your Finances and Get What You Want out of Life Liz Weston Pulliam Weston (*Your Credit Score*), columnist for MSN Money and author of the nationally syndicated column "Money Talk," provides a practical, easy-to-understand guide to taking control of personal finances and establishing financial security. Like most financial advice books, this collection covers the basics, such as creating a financial toolkit, investing, planning for retirement and saving for college. While Pulliam Weston provides insights into these areas-especially for those without a financial background-she also charts new territory with her "60 Percent Solution" and "50/30/20 Plan," both aimed at spending control, as well as getting the most out of your credit cards and what to do if you've overspent on a car purchase. An advocate of online banking, Pulliam Weston maps out the right way to pay bills and advocates account aggregation and consolidation. She also provides a useful resource guide for finding a financial planner, a tax professional and an estate planning attorney. Checklists are included in each chapter, as well as helpful charts and tables that aid in getting and staying organized. This book will be a valuable guide on the path to financial control and security.
