Fire and Ice Paul Garrison

For more than a decade, the worlds oceans have been home to Michael and Sarah Stone--and the only Home their eleven-year-old daughter Ronnie has ever known. Doctors and idealists, the Stones have forsaken dry land and a comfortable life to live and work aboard their thirty-eight-foot yacht Veronica--sailing to remote and inaccessible places to offer medical aid to those in need. But somewhere in the equatorial Pacific their shared life of freedom and purpose is shattered by a bizarre and terrifying event.

A gargantuan commercial vessel--a Liquid Natural Gas carrier--appears where it has no business being, radioing a medical distress call that the Stones cannot ignore. Left behind to tend to an ailing islander on a deserted atoll in the middle of nowhere, Michael watches as Sarah and Ronnie set off to answer the ships call--first with curiosity, then with horror. For as he looks on helplessly, *Veronica* is hauled onto the deck of the hulking metal behemoth, which then steams away with his wife and daughter aboard.

Stranded and alone--with only a primitive, damaged canoe at his disposal and no navigational equipment except the stars--Michael Stone must now do the impossible. He must find and rescue his kidnapped family, lost somewhere on the vast and merciless ocean--a mission that leads him through deadly winter gales and turbulent tides to the teeming cities of the Far East, where determined killers await his arrival. . .cold-blooded assassins who inexplicably know hes coming. Meanwhile, on board an enormous, seagoing prison, Sarah and Ronnie must somehow struggle to survive the cruel whims of their captor, Mr. Jack--a powerful, enigmatic and obsessed madman who is planning a massive act of revenge.
