Stories My Dog Told Me

Mr. David Freemont McCready

Stories My Dog Told Me Mr. David Freemont McCready

A book of insight into life, the author uses prose to get the heart of his feelings. Having been the companion of many dogs over the past 70 plus years, David recounts some moments that linger longest in his view of life. This book will offend the liberal, progressive elites... One reviewer found it repugnant to infer that teachers are not generally acheivers. He allowed his own political persuasion to overlook the sensitive and perceptive mind of the author. A reviewer struck out at the authors 300 word essay on liberal political thinking - never to mention one word concerning the book's intellectual content. Conservatives and traditional value minded will be revived by the authors experineces in coping with providing the best for the family. Epic poems will suprise the reader by their concentration on human values. The author has warmth for states rights and a strick interpetation of the Constitution. It has amazed the author that so-called objective, intellectual reviewers missed the entire point of the book, only to compare it to their own distorted value of society. This is a book about "right" concepts.
