## **The Fall of Yugoslavia: Why Communism Failed** Svetozar Stojanovic

A leading Yugoslav dissident offers valuable insights into the demise of communism and the bloody mayhem that followed in its wake.

The collapse of communism in Europe liberated Yugoslavia only to see it plunge into a brutal civil war between religious, ethnic, and nationalist factions. Why did communism's nonviolent end ignite a nationalist war that has exacted such a high price in human suffering?

International affairs scholar Svetozar Stojanovic, a member of the famous Praxis group that resisted the communists, has studied the developments in his war-torn homeland. He examines the internal and external factors that forced the transition from communist rule to democracy and a free-market economy. His insider's, behind-the-scenes look at the internal power struggles that pull factions in various directions, examines the cultural weaknesses of communism, the "capitalist encirclement" of Marxist-socialist economies, communism's ideological decay, and the roles played by Gorbachev and Yeltsin. The Fall of Yugoslavia also examines the international reaction to these historic developments. Stojanovic urges the West not to fall victim to a "triumphalistic temptation," with as yet unforeseen consequences, but to anticipate and face the problems in this volatile Yugoslav region.
