In an unassuming corner of Brooklyn, a young woman learns to be ladylike, to love context, and to speak her mind from a very curious sort of tutor.

In a faraway land convulsed by war, a young soldier hears the desert's curious hum as he disarms bombs with the person he doesn't know how to love.

In a place so shriveled by drought that any drowning is a curiosity, a young writer tries again and again to tread water beneath the surface of a vast and unusual sea.

Three new stories—complete with commentary on the creative process—from three acclaimed young adult authors working at the height of their powers.
