Linda Wallander is bored. Just graduated from the police academy, she is waiting to start work at the Ystad police station and move into her own apartment. Meantime, she is living with her father and, like fathers and daughters everywhere, they are driving each other crazy. Nor will they be able to escape each other when she moves out. Her father is Inspector Kurt Wallander, a veteran of the Ystad police force, whom she will have to work alongside. Linda's boredom doesn't last long. Soon she is embroiled in the case of her childhood friend Anna, who has inexplicably disappeared. As the investigation proceeds, she makes a few rookie mistakes. They are understandable, but they are also life-threatening. And as the case her father is working on dovetails with her own, something far more calculated and dangerous than either could have imagined begins to emerge. Already an international bestseller, Before the Frost inaugurates Henning Mankell's new mystery series about Linda Wallander, and also features Stefan Lindman of The Return of the Dancing Master.
