Remaining true to one's calling is difficult. A variety of factors tend to distract us as life gets in between us and who we are called to be. This is true for us as individuals and it is true for our organizations...in this case the Church. The New Normal takes a look at the Church from the perspective of a medical diagnostician as it investigates the symptoms and causes of decline the Church is currently experiencing. It then proposes a pathway toward rehabilitation through our reconnecting with the way and truth of Jesus that leads to a vibrant life not only for the Church but for us as individuals. For Pastors, The New Normal is an invaluable tool to help re-engage your church in service to your communities. For individuals, The New Normal serves to remind us that true happiness and fulfillment of our calling is found in living lives that make Jesus known through serving those around us.
