A Commentary on The Book of Psalms John, translator) Saint Robert Bellarmine (O'Sullivan
In His Divine Providence, God raised up St. Robert Francis Bellarmine (1542-1621) as one of the Church's most learned men of the Faith during one of the most pivotal of ecclesiastical times, the era of the Council of Trent (1545-1563) and of its immediate salutary effects. Having entered the Society of Jesus at the age of eighteen, he quickly gained a reputation as a preacher and theologian, even before being ordained to the priesthood, after which he was assigned to the University of Louvain in Belgium. Latin and Greek were a particular expertise of his, along with Hebrew, the three languages necessary for a deeper understanding of Sacred Scripture. So it was only natural that the future Cardinal Bellarmine would eventually compose several exegetical works on the subject, such as *De Scriptoribus ecclesiasticis* (published in 1615), *De Editione Latinae Vulgatae, quo sensu a Concilio Tridentino definitum sit ut ea pro authentica habeatur*, and the very book under consideration, *In omnes Psalmos dilucida expositio* (1611). The latter's title was later changed to *Explanatio in Psalmos* (rendered in English as *A Commentary on the Book of Psalms*) and this work was upheld as one of the most erudite works on the Psalms, even by his severest contemporary critics, such as Protestants who only a few years previous had been dealt a decisive apologetic blow by St. Bellarmine's monumental *Disputationes de controversiis christianae fidei*. Out of print for almost a century, we first reprinted this timeless and scholarly spiritual classic of the holy and learned Cardinal Bellarmine in 1999, to ensure its availability for the edification and enrichment of modern-day Catholics. Despite fact that *The Commentary on the Book of Psalms* was composed over three hundred years ago during the post-Tridentine era, its continual usefulness even in the twenty-first century has been demonstrated by the fact that it has been reprinted several times within the last decade.
