First came the unsettling Ouija board prophesy that Robin Adams would die before her 17th birthday. When a minister summoned to rid the house of frightening phenomena blamed on the Ouija board, he was taunted and denounced by a neighbor and suspected Satanist. Thus, the die was cast for one of the most bizarre murder cases in Michigan history. In 1976, when Robin vanished without a trace from the village of Caro, police were left without a body, witnesses or anything remotely resembling a crime scene. The case went cold for six years. Then, when a rookie state police detective was assigned to reopen the the investigation, what followed reads like the chapters from a Stephen King novel -- right down to the claim that the killer's grandmother was practicing black magic to avenge efforts to bring him to justice.
