If one dragon is a handful, imagine the trouble dealing with twelve dragons! That is the situation that befalls the Demon Hunter, Gabrielle, when the mother Dragon seemingly and without explanation abandons her eggs, that are on the verge of hatching. When they do hatch, the baby dragons believe Gabrielle is their mother. Now being a single mother to baby dragons is a daunting task, even with the aid of her faithful Hell spawn servants, and that is before the baby dragons even learn to fly and breathe fire. When a great evil threatens the kingdom of Mordith and all the lands beyond, the Demon Hunter must head north to do battle with a dark and powerful foe. The Demon Hunter won't have to face the threat alone-as much as she would prefer otherwise-for in addition to her servants, the baby dragons won't let their mother leave them, even if some or all of them might not be coming back.
