The Woman in White by Wilkie Collins, published in 1860, is a Victorian sensationist fiction novel. Collins might be considered the father of the modern mystery thriller and detective novel genres. Collins, like his friend Charles Dickens, uses the novel to expose social injustices of his time, in particular, the lack of legal rights afforded married women. Collins presents this story as if holding a trial in which characters present their perspective on the events through narrative, diary excerpts and eye-witness accounts.
