"Twilight of the Drifter" is a crime story with southern gothic overtones. It centers on thirty-something Josh Devlin, a failed journalist who, after a year of wandering, winds up in a Kentucky homeless shelter on a wintry December. Soon after the opening setup, the crosscurrents go into motion as Josh comes upon a runaway named Alice holed up in an abandoned boxcar. Taken with her plight and dejected over his own squandered life, he spirits her back to Memphis and his uncle's Blues Hall Cafe. From there he tries to get back on his feet while seeking a solution to Alice's troubles. As the story unfolds, a Delta bluesman's checkered past comes into play and, inevitably, Josh finds himself on a collision course with a backwoods tracker fixated on the Civil War and, by extension, the machinations of the governor-elect of Mississippi. In a sense, this tale hinges on the vagaries of chance and human nature. At the same time, an underlying force appears to be driving the action as though seeking the truth and long awaited redemption. Or, to put it another way, past sins have finally come due in the present..
