Sister

Lone survivor

Scared, but tough

Christine Stone has lived through a lot since the day she was born. Her older brother left her without a backwards glance, leaving her with parents who wanted to use her to better themselves in their cult-like religious sect.

Days after legally becoming an adult, she's given to an older man for an arranged marriage that will change her life forever. Escape is the only way her life can be saved. When she succeeds and sets out to make a new life for herself, she meets Travis Steele—communications and security officer for the Heaven Hill MC.

Loner

Protector of secrets

Level-headed and steady

Travis Steele has been on the periphery of the Heaven Hill MC for a long time. Quiet, he takes his job seriously. He is the protector of the group, in charge with keeping family and friends safe.

When one meeting with the sister of his friend turns into more, he struggles with where to draw the line. She needs a friend, and Travis prides himself in being what other people need, often sacrificing himself for others. As he discovers the life that Christine has been forced to live, it opens up old wounds, new wounds, and secrets that everyone thought long buried.

Turning a chance meeting into love is hard, especially when everyone has a dirty little secret.
