Orrin N. C. Wang

Fantastic Modernity: Dialectical Readings in Romanticism and Theory Orrin N. C. Wang

Focusing on the convergence of Romantic studies and literary theory over the past twenty-five years, Orrin N. C. Wang pairs a series of contemporary critics with "originary" Romantic writers in order to illuminate the work of both the contemporary theorist and earlier Romantic. Wang examines Paul de Man's deconstructive use of Percy Bysshe Shelley, Jerome McGann's Marxist-inflected appropriation of Heinrich Heine, contemporary feminist interpretations of Mary Wollstonecraft, and Harold Bloom's pragmatic reading of Ralph Waldo Emerson. Through these examinations, along with commentary on Keats, Jameson, Lovejoy, and Spitzer, *Fantastic Modernity* attempts a series of new readings of both the theory being used by the various critics and the primary Romantic texts under consideration.
