Hacker For Hire (Ted Higuera Series Book 2) Pendelton Wallace

If Clive Cussler had written Ugly Betty, it would be Hacker for Hire.

Hacker for Hire, a suspense novel about corporate greed and industrial espionage, is the second book in a series about Latino computer security analyst Ted Higuera and his best friend, para-legal Chris Hardwick.

The goofy, off-beat Ted Higuera, son of Mexican immigrants, grew up in East LA. An unlikely football scholarship brought him to Seattle.

Chris, Ted's college roommate, grew up with a silver spoon in his mouth. His father is the head of one of Seattle's most prestigious law firms.

Ted's first job out of college leads him into the world of organized crime where he faces a brutal beating. After being rescued by beautiful private investigator Catrina Flaherty, Ted decides to go to work for her.

Catrina is hired by a large computer corporation to find a leak in their corporate boardroom when the previous consultant is found floating in Elliot Bay.

Ted discovers that Chris's firm has been retained by their prime suspect. Now he and Chris are working opposite sides of the same case.

Ted and Catrina are led deep into Seattle's Hi-Tech world as they stalk the killer. But the killer is also hunting them. Can Ted find the killer before the killer finds him?
