Cell and Molecular Biology (Lippincott's Illustrated Reviews Series)

Nalini; Viselli, Susan Chandar

Cell and Molecular Biology (Lippincott's Illustrated Reviews Series) Nalini; Viselli, Susan Chandar

This new title to the best-selling "Lippincott's Illustrated Reviews" series will present essential coverage of cell and molecular biology focusing on topics related to human health and disease. "LIR Cell and Molecular Biology" will include the popular features of the series: abundance of full-color, annotated illustrations; expanded outline format; chapter summaries; review questions; and, case studies that link basic science to real-life clinical situations. The book can be used as a review text for a stand-alone cell biology course in medical, health professions, and upper-level undergraduate programs or in conjunction with "LIR Biochemistry" and/or "LIR Physiology" for integrated courses. There is a companion website that features the fully searchable online text, an interactive Question Bank for students, and an Image Bank for instructors to use to create PowerPoint presentations.
