Wicked Sexy (A Wicked Games Novel) J.T. Geissinger

All is fair in love and war...

Connor Hughes: Ex-Special Ops officer, CEO of Metrix Security, and bonafide badass. His private security firm is renowned for its effectiveness; he's renowned for his lethal precision and iron self-control.

But as far as I'm concerned, he's a cocky, arrogant bastard who wouldn't know his own dick if it hit him in the face. (Which, judging by the size of the bulge in his pants, it probably could.)

Forget about that drop-dead smile. Forget about those six-pack abs. Definitely forget about what happens in my panties when he walks into a room. The man is a knuckle-dragging Neanderthal, and I want absolutely nothing to do with him.

Tabitha West: A genius MIT dropout with a bad attitude, an obsession with Hello Kitty, and piercings in unmentionable places, she's a legend in tech circles due to her resume of outlandish and brilliant hacks.

But as far as I'm concerned, she's an undisciplined, rebellious smartass with a mouth like a sailor and a wardrobe that should be confiscated by the fashion police.

Forget about those incredible legs. Forget about that flawless skin. Definitely forget about that look of loneliness that creeps into her eyes in unguarded moments. Because even more than her tight little body, that look makes me want to put my arms around her, pull her in close, and never let her go.

Too bad she hates my guts.
I'm gonna make her mine anyway.

In the second stand-alone novel in the Wicked Games series, an ex-Special Ops officer and the hacker who despises him fight a dangerous enemy...and a blistering attraction for each other.
