**There's no easier, faster, or more practical way to learn the really tough subjects**

*Forensics Demystified* explains forensic science in a logical progression from evidence collection through analysis and finally to the scientist actually testifying in court. This self-teaching guide comes complete with key points, background information, quizzes at the end of each chapter, and even a final exam. Simple enough for beginners but challenging enough for advanced students, this is a lively and entertaining brush-up, introductory text, or classroom supplement.
