RVers BEST PUBLIC CAMPGROUNDS: Finding Inexpensive, Convenient and Relaxing Campgrounds for your RVing Trip Lee Zaborowski

This book is about RV camping in the public campgrounds spread across the U.S. These campgrounds are managed by and located on state, city, county or federal agency park lands. Being in a public park environment, campground sites tend to be among woods, spread out, and non-commercial. Because local, state or federal tax funds provide partial support for the parks, you will find that camping fees are often less than \$19 a night. In addition, agencies will frequently give discounts (some up to 50%) to campers who are disabled, military, or seniors. The individual campgrounds selected for this book will accommodate most RVs of all classes and sizes. They are reasonably convenient to an Interstate road. You will also find a list of specific campground features, phone numbers, websites and GPS coordinates. Detailed, turn-by-turn directions from the Interstate, are also included. Granted, not all camps are full service or full hook-up, but the mix of amenities, modest fees, and beautiful location make for a wonderful RVing experience. All the campgrounds have a source of potable water and restrooms. Most have showers and dump stations or sewers. Many have electricity. With very few exceptions, all are pet friendly. A novel feature of the book is the inclusion of local 'Points of Interest.' If you're traveling in an area of the country new to you, a few suggestions of things to do or see, once your rig is setup, seemed like a good idea and will definitely add to your camping enjoyment.
