Gateway to French Melodies: An Anthology of French Song and Interpretation- Low Voice and Piano (Book & CD) (Gateway Series) (French Edition)

Gateway to French Mélodies leads us into a fragrant garden of poetry and music that is both passionate and refined. Each song brings to life one of the great themes of French art---love, nature, the purpose of life--- with sensuous beauty, beguiling grace, and often with humor.

Understanding what you sing is the basic concept of the Gateway series. Each lyric is translated, both word-by-word and in readable English. The singer can learn the song with confidence, as obscure points of phonetics, grammar and interpretation are made clear. The cultural context of each song is illuminated, along with its place in the life and works of the composer. The comb binding creates a lay-flat book that is perfect for study and performance.

Many of the marvelous songs found here been out of print for more than a century and a few are published here for the very first time. The songs include:

"Plaisir d'amour," the quintessential song of bittersweet love, edited from the composer's original 1784 edition

Seven works by women composers, including two sisters who were divas of Romantic opera, Maria Malibran and Pauline Viardot

Works of French operatic masters such as Gounod, Saint-Saëns, Bizet, and Massenet

Six songs by Gabriel Fauré and four by Claude Debussy

Two duets from contrasting historical periods

Piano accompaniments are heard on the companion CD, beautifully played by Joan Thompson and expertly engineered by Grammy Award winner Matthew Snyder.
