The Mapmaker's Children: A Novel Sarah McCoy

From the *New York Times* bestselling author of *The Baker's Daughter*, a story of family, love, and courage

When Sarah Brown, daughter of abolitionist John Brown, realizes that her artistic talents may be able to help save the lives of slaves fleeing north, she becomes one of the Underground Railroad's leading mapmakers, taking her cues from the slave code quilts and hiding her maps within her paintings. She boldly embraces this calling after being told the shocking news that she can't bear children, but as the country steers toward bloody civil war, Sarah faces difficult sacrifices that could put all she loves in peril.

Eden, a modern woman desperate to conceive a child with her husband, moves to an old house in the suburbs and discovers a porcelain head hidden in the root cellar—the remains of an Underground Railroad doll with an extraordinary past of secret messages, danger and deliverance.

Ingeniously plotted to a riveting end, Sarah and Eden's woven lives connect the past to the present, forcing each of them to define courage, family, love, and legacy in a new way.

From the Hardcover edition.
