From the expert behind the top-rated resource ChampagneGuide.net comes this groundbreaking guide to the modern wines of Champagne--a region that in recent years has undergone one of the most dramatic transformations in the wine-growing world.

Champagne is one of the most iconic, sought-after wines in the world, beloved by serious wine collectors as well as everyday wine drinkers. However, Champagne is also one of the most misunderstood wines out there--obscured by a multibillion-dollar marketing industry that makes it difficult for consumers to honestly judge value and understand what they're drinking. Enter *Champagne*, a revolutionary new book from trusted authority Peter Liem. Based on years of on-the-ground research and unprecedented access to actual Champagne growers, *Champagne* is the first book to actually describe producers and wines based on their *terroir*--enlightening readers by showing them exactly where, how, and by whom these great wines are made. A comprehensive buyer's guide helps wine buyers navigate the sparkling wine aisle, and never-before-published maps of every vineyard in the region make this the definitive resource for any wine lover.
