Visualizing Environmental Science offers students a valuable opportunity to identify and connect the central issues of environmental science through a visual approach. Beautifully illustrated, *Visualizing Environmental Science* the fourth edition shows your students what the discipline is all about--its main concepts and applications--while also instilling an appreciation and excitement about the richness of the subject. *Visualizing Environmental Science* employs uniquely designed visual pedagogy to help students acquire the skills they need to become better learners. The *4th edition* has refined and expanded the visuals using insights from research on student learning and feedback from users.
