Series of four algebra workbooks

This set of four problem-solving books follows the traditional one-year algebra course, covering the main algebraic principles.

Book A begins the year with exercises in simplifying numerical expressions and moves on to one-variable equations.

Book B follows with operations in polynomials, solving polynomial equations, and working with rational expressions.

Book C involves proportions, graphing linear equations, plus inequalities and absolute value equations.

Book D completes the course with roots and radicals, quadratic equations, and analysis of quadratic equations.

Interest Level: 8-12
