If you're looking to drop 10 pounds before your bestie's wedding in a month or want to get bikini-ready for your vacation next week, this book isn't for you. Diet books that lure you in with promises of quick weight loss may be tempting-but they also leave you hungry, grumpy, and more out of control than when you started. What you'll find here is a non-dieting approach to healthy eating that will work for you over the long term. Why? Because diets are designed to fail. Think about it: Have any of those fad diets you've tried brought you lasting success? If they did, you wouldn't be looking for more help, right? Savvy Girl: A Guide to Eating is based on a revolutionary program called Intuitive Eating. Co-author Sumner Brooks is a certified Intuitive Eating counselor and registered dietitian. She brings her expertise to this Savvy Girl guidebook to teach you how to feel better about your eating and better in your body. You'll learn exactly why diets don't work, how a non-dieting approach to eating works for good, and how to know how much to eat without ever counting another calorie again. So, get this book, get savvy, and then get back to your fabulous life.
