Immerse yourself in the topic of communication in the workplace with an interesting conversation about the communication demands of today's nursing practice! **Communication in Nursing, 8th Edition** adopts a uniquely practical and personal approach, providing extensive examples, exercises, and techniques that help you understand important concepts and apply communication skills in a variety of clinical settings. With its conversational tone, this relatable text takes you beyond theory to show you how to use communication as a tool to limit stress in your nursing practice. A new *Active Learning* feature that promotes goal-directed reading, and additional QSEN exercises highlight the importance of assertive communication in promoting quality, safe care for clients - all in an easy-to-read magazine layout.

- **QSEN preface and exercises** stress how communication impacts safety and quality of care.
- **Moments of Connection** boxes highlight beneficial outcomes of successful communication and provide concrete examples of how communication techniques work.
- **"Reflections on..."** boxes provide thoughtful summary exercises at the end of each chapter that give you a specific task to help you integrate chapter material into the broader scope of nursing practice.
- **Wit & Wisdom** boxes present selected verses and quotations relevant to chapter topics, adding interest and humor. These boxes keep your attention by providing moments of relief from serious topics and "a-ha" moments when theory becomes linked to practice.
- **Exercises** throughout each chapter help you master chapter techniques and strengthen your communication skills.
- **NEW! Active Learning feature** in every chapter promotes active, goal-directed reading.
- **NEW! Exercises in each chapter**, including reflective journaling, remediation, online and group activities, and discussion topics, help facilitate various learning types.
- **NEW and UPDATED! Additional QSEN exercises and an updated QSEN preface** highlight the importance of assertive communication in promoting quality, safe care for clients.
- **NEW! Discusses the importance of interprofessional education** and communication in the healthcare environment.
- **NEW! Addresses the importance of "presence" in nursing** - being present for clients, families, colleagues, and self.
- **NEW! New content on healthy grief and the issues of death denial and death phobia and professional boundaries related to social media.**
- **NEW! Coverage of the most current research about the importance of self-care.**
- **NEW! Explains the importance of the concept of "the pause" in communication** so you better understand how and when to use pauses.

From reader reviews:

Thomas Fleischmann:

Book is definitely written, printed, or created for everything. You can understand everything you want by a publication. Book has a different type. To be sure that book is important issue to bring us around the world. Close to that you can your reading ability was fluently. A reserve Communication in Nursing - Elsevier eBook on VitalSource (Retail Access Card), 8e will make you to be smarter. You can feel a lot more confidence if you can know about everything. But some of you think in which open or reading some sort of book make you bored. It isn't make you fun. Why they may be thought like that? Have you searching for best book or appropriate book with you?

James Connell:

Nowadays reading books be a little more than want or need but also work as a life style. This reading addiction give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book that improve your knowledge and information. The data you get based on what kind of book you read, if you want drive more knowledge just go with training books but if you want truly feel happy read one along with theme for entertaining like comic or novel. Typically the Communication in Nursing - Elsevier eBook on VitalSource (Retail Access Card), 8e is kind of guide which is giving the reader erratic experience.

Emily Sandlin:

Reading a reserve can be one of a lot of activity that everyone in the world adores. Do you like reading book so. There are a lot of reasons why people fantastic. First reading a guide will give you a lot of new data. When you read a publication you will get new information since book is one of numerous ways to share the information or perhaps their idea. Second, reading through a book will make an individual more imaginative. When you reading through a book especially fictional book the author will bring you to imagine the story how the characters do it anything. Third, you are able to share your knowledge to some others. When you read this Communication in Nursing - Elsevier eBook on VitalSource (Retail Access Card), 8e, you can tells your family, friends in addition to soon about yours guide. Your knowledge can inspire the mediocre, make them reading a book.

Vicki Harris:

Playing with family inside a park, coming to see the ocean world or hanging out with pals is thing that usually you will have done when you have spare time, then why you don't try issue that really opposite from that. One particular activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Communication in Nursing - Elsevier eBook on VitalSource (Retail Access Card), 8e, it is possible to enjoy both. It is very good combination right, you still need to miss it? What kind of hang type is it? Oh seriously its mind hangout folks. What? Still

don't get it, oh come on its named reading friends.
