This book was written for travelers who want to experience the very best of the Lower Cape without breaking the bank. It also was written for those travelers who want to experience Cape Cod as locals do without a massive amount of tourists around every corner.

I have chosen the Lower Cape since to me this is the last portion of the Cape that is still not 100% developed and still retains some of its natural beauty. Although I cannot guarantee you that you will not see tourists (In some cases... many), I can assure you that all the places discussed in this book will provide you and your loved one's an insider's guide.
