Toward the African Revolution (Fanon, Frantz) Frantz Fanon

This powerful collection of articles, essays, and letters spans the period between Black Skin, White Masks (1952) and The Wretched of the Earth (1961), Fanon's landmark manifesto on the psychology of the colonized and the means of empowerment necessary for their liberation. These pieces display the genesis of some of Fanon's greatest ideas — ideas that became so vital to the leaders of the American civil rights movement.
