WAKING DIANA.

By day, Diana Norton is a successful advertising executive living a carefree, single life. By night, she dreams of another world, a dual existence where she is mother to three adorable children and wife to a doting, blue-collar husband. But her two worlds collide with horrifying results when visions from her recurring dreams begin spilling over into her waking hours -- at first disrupting, then destroying, everything she holds dear. As her life spirals further and further out of control, Diana fights back by traveling to the dark, deadly pit of her nightmares -- of which she knows there can be no escape.
