Collected Maxims and Other Reflections (Oxford World's Classics)

François de La Rochefoucauld

Collected Maxims and Other Reflections (Oxford World's Classics) François de La Rochefoucauld
Deceptively brief and insidiously easy to read, La Rochefoucauld's shrewd, unflattering analyses of human behavior have influenced writers, thinkers, and public figures as various as Voltaire, Proust, de Gaulle, Nietzsche, and Conan Doyle. This is the fullest collection of La Rochefoucauld's writings ever published in English, and includes the first complete translation of the *Réflexions diverses* (Miscellaneous Reflections). This edition includes an excellent introduction that surveys La Rochefoucauld's life, the genesis of his work, its form and content, and its influence, as well as comprehensive explanatory notes. A table of alternative maxim numbers and an extensive and invaluable index of topics help the reader to locate any maxim quickly and to appreciate the full range of La Rochefoucauld's thought on any of his favorite themes, such as self-love, vice and virtue, love and jealousy, friendship and self-interest, passion and pride.

About the Series: For over 100 years **Oxford World's Classics** has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.
